Kreitzberg Library databases

A student asked me for help in using the Library databases, so I took some screenshots as I wrote down the steps in a search. Screenshots are on the pages following this one.

1. Click "Find articles"

2. Use "General Information" and click "Go!" (see screenshot 1)

3. In "Online Resources by Subject" pick "Academic Search Premier"

4. On the next form, log in using your Norwich id/pw

5. Once you are in the database (screenshot 2) click on "Choose Databases"

6. Add the databases shown in screenshot 3 and click OK

7. Enter your search phrases in the search fields (screenshot 4)

8. Go bananas analyzing the results (102,885 articles) as shown in screenshot 5.
